LIBERTY (OBVERSE)

GERALDINE FRANK, "MISS CANADA DRY"

Looking good as the Silver Dollars, this pretty Miss, represents "Canada Dry's" 2nd annual silver dollar sweepstakes held in 1958. The winner was allowed to keep all he could shovel within 5 minutes. Last year's winner shoveled \$37,500 worth, scarce dates and all.

FROM YOUR EDITOR'S DESK

FLASH—Prices UP in New Red Book, New Listing (XF)

Foreign Paper Money Collectors send for your free "Directory Listing"—Dwight L. Musser of 432 20th Street, Dunbar, West Virginia has a limited supply on hand, free for the asking.

1955 Double Shift Cent will be listed with Photo in the new 13th edition in June. R. S. Yeoman, editor of the popular "Red Guide Book" assured me it will be listed. It was nice seeing and speaking to Mr. Yeoman at our "Albany Convention" table. The last time I spoke to Mr. Yeoman was at the ANA (Phila.) convention in 1956. It was then that I mentioned the possible listing of the 1955 double shift, his reply was, if it becomes popular and in demand with the collector, it will be listed. Mr. Yeoman, feels there are enough of them around to be collectable.

Albany Coin Convention, May 15-17—The capital of New York was buzzing with excitement; besides the convention held at the Sheraton Ten Eyck Hotel, there was the Annual Tulip Festival, with the crowning of the "Tulip Queen" and banquet.

We left Newark, Friday noon, with the Mrs. and children, their first overnight stay at a convention. The trip via the Truway was covered in 3½ hours. We visited Lafayette Park and other interesting sites. Our thanks to James Walser, who helped distribute sample copies of our Eaglet and solicit subscriptions for us before we arrived. Mr. Walser, a dealer in Albany, was on the committee which did a splendid job in making the convention a success. Friday was slow due to the weather, but then Saturday made up for it. A few minutes were spent at French's Auction, which produced some lively bids. On hand were many prominent visitors and club officials.

N. Y. Metropolitan Convent, May 1-3, Park Sheraton Hotel—Having a table for the three day event, we observed the best New York convention in years. The registration of 447 is the new high for any regional convention in the east—the banquet was another high with 222 in attendance. The cocktail hour was given and paid for by the committee and sponsoring clubs. The manhattans served were 3 in 1, and not knowing this I was glad I stopped at 2, otherwise I would of slept through it all.

The M.C. was able Harold Bareford, in rare form and at his best. Mr. Bareford has one of the best rare coin collections, one coin being the 1804 silver dollar. Ray Gallo, Michael Granis and the rest of the committee are commended for a job well done. Next year an even greater event is expected. Photos of this event may be late for this issue, if so, our July issue will have them.

My only comments for future conventions, is to avoid if possible, renting halls on the upper floors, flipping up and down 12 flights is shunned by visitors and collectors. A large display sign should be placed at the building entrance.

Photographing Coins—Good news for the collector, now you can photograph your favorite coins with minute details. "Reprox 12" a photo stand, easily adjusted to cameras was demonstrated to me. When I got to my office, I tried a shot. I placed a dime on my desk and with only a desk light I snapped the shutter. When developed later, I was pleased to see a clear detailed photo.

With the hot weather on us, keep cool and enjoy yourself.

THE FIRST CONVENTION THRILL FOR 3 NEW COLLECTORS

Our table at the recent convention in N. Y., yours truly, and his little helpers are shown above. Left to right: Tommy, 4; Jennifer, 9; and Dennis Spadone, 6. Tommy is holding his water gun, our big girl Jennifer is reading her favorite magazine "Eaglet" and Dennis is finding it hard to keep his eyes open. Besides selling over 40 subscriptions, our grading sheets sold in lots of 1 to 50 per person, they proved very popular.

READER'S FINDS

YOU FIND THEM WHEN YOU DONT TRY

I have looked through 30 rolls of dimes every other week, for three years, trying to find a 1916D dime but with no success. Last Saturday I bought a cup of coffee at work and gave the clerk 25c. Sure enough, in my 15c change was a 1916D dime in extra good condition. Incidentally, this coin completed my set.

A. Griswold, Miami, Fla.

EXPENSIVE GASOLINE

Bill Foster, owner of the Mobil gas station in Hackettstown, N. J., related his find to your editor at the recent Newark Coin Club meeting. A stranger got a tank full of gas at his station, it totaled \$2.38. The customer handed him two bills and 38 cents. As the car pulled away, Bill checked the three pennies. One was a 1909-S VDB in A.U. condition. Bill, whooped and hollered as this was his first rare find.

A quick calculation figures it cost the stranger about \$7.50 per gal, as the 1909-S VDB in A.U. brings about \$65.

BE MY GUEST

Recently a friend permitted me to look through her accumulation of old coins and to choose any

that I wanted at face value. Imagine my surprise when, among other desirable coins, I found the following Indian Head cents, all in good or better condition: 1868, 1872, 1876, 1877.

I also recently acquired a 1914S dime, the obverse and reverse of which are not in their usual alignment. The Mercury Head is turned 90 degrees in relation to the long axis of the fasces on the reverse.

J. Gregory, Ford City, Pa.

* * *

Sir:
While glancing through the May 6 issue of the "Eaglet" I saw on page 13 a picture of the popular 1955 double shift. The next day, while looking through some pennies, I found it—Yup! a 1955 double shift. Wha's it worth? My friends say it's worth a lot of money. By the way, it's A.U.

B. Brown, Forest Hills, N. Y.
Dear Frank:

Perhaps our readers would like to know that in the last six months I have found two 1914Ds, 2 1909Ss, one 1909S VDB. The latter in VF. Looked at about 5,000 cents. Perhaps too, they would also like to know that we have opened up a shop, "Ellis Coin Supply" Rm. 210 Kresge Bldg., Box 527, Aberdeen, S. D.

J. L. Ellis

— GENERAL RULES AND INFORMATION —

This column is formed to better acquaint subscribing members, dealers, collectors and beginners with standards of this magazine and pass on informative news. This column should answer most questions and inquiries frequently asked. Write to the editor for any information not contained in this column.

SUBSCRIPTION RATES

U.S. and Canada—\$3.00 per year, \$5.50 for 2 years, \$7.50 for 3 years. Foreign, \$5.00 per year.

PURCHASING ITEMS FROM ADVERTISEMENTS — Coins are offered for sale in the following manner: By Fixed Price—the price quoted by the seller; Or by Auction, where there is no price quoted but solicited. In this method of sale a lot number is given each item. You enter a bid along side of the lot of your choosing, which can be higher or lower than (price guide if one is listed). The high bidder being the buyer. After the closing date, the advertiser will notify those who are the highest bidders. Unless credit is arranged, payment is required before shipment is made.

THE PUBLISHER reserves the right to edit or reject any ads or news they deem objectionable and will not be responsible for letters written by hand. Please send cash with ads. All advertising cuts to be furnished by advertisers or send cash amount to cover expense of having it made. Send articles, news items of interest for print to the Editor.

Manufacturers supply and material prices will be honored. No cut-rate ads of same will be accepted in order to protect name brand company prices.

We accept advertising in GOOD FAITH. All transactions will be solely between the advertisers and the purchaser.

Opinions expressed by writers of articles, columns, comments, etc. in this magazine are their own and do not necessarily represent the views of the editors or officers.

When writing for information to dealers or collectors, be kind enough to enclose a stamp for a response. It's been my pleasure to say practically all dealers and collectors are honest and fair. No trades are final until both parties are satisfied. On purchases it is customary to give at least a 3 day satisfactory refund.

No reply in 7 days, transaction considered accepted.

GRADING STANDARD

PROOF — Coin, a mirror-like finish, especially struck for collectors on polished metal blanks and struck by slower hydraulic press to obtain best feature lines.

UNCIRCULATED — made for general circulation has lustre but never reaches circulation. A Gem

Unc. is unusually well struck, has lustre, no scratches, rubbings or marks.

EXTRA FINE & A. U.—about same. Coin is about uncirculated, slightly worn on high points and may have some mint lustre.

Fine—Has been circulated but all features and lettering are sharp.

Fine—Has all features and lettering but not sharp. Liberty is readable.

V.G.—Has border rims, most features and lines visible. Part of Liberty visible.

GOOD—All features and lines worn but visible.

FAIR—Considerably worn.

POOR — Considerably worn smooth, or corroded, good only as space filler.

This grading is used only as a guide to help you and is a general medium used by all dealers and collectors in the Numismatic field.

POINTS TO LOOK FOR ON SOME POPULAR COINS

1 CENT LINCOLN: The lines on wheat stalk and Lincoln's ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be clear.

5 CENT LIBERTY: E Pluribus Unum is legible on coins graded good, clear on coins graded very good. One graded fine should have full liberty.

5 CENT BUFFALO: On a good coin edge of word Liberty may be slightly worn, but on one graded very good the word Liberty is clear and one-half of horn shows, a fine coin should have nearly a full horn, a coin classed as very fine has full horn and tail shows on hip.

10 CENT MERCURY: Watch lines on ax faces, on coins classed very good some lines show, a fine coin should have all lines.

FOR BEGINNERS who are just starting to collect, here are a few suggestions and some advice. First, a coin guide book is a must. They can be purchased for \$1.00 or more for helpful information: on care, condition, value, amount minted, types, how coins are made, and other news of help and interest. Most coins can be found in circulation. As you are making your set always try to improve the worn coins. Value of coins depends greatly on the condition. Never clean or polish coins unless you are experienced. If you must try, use a common date coin. There are handy cleaning kits available for this purpose. Coin insert folders and other supplies can be obtained at your dealer. You may also notice that the age of old coins do not make them rare. There are some late date coins minted that are worth more than some hundreds of years old. What makes one coin worth more than another are by these factors: Amount of coins minted, availability, collectors demand and any unusual die strikes. Coins can be obtained through purchases, by auction or trading with collectors.

Mint sets can be bought by writing the Treasury Dept., U.S. Office of Treasury, Washington 25, D.C., at face value, plus postage and handling. To obtain Proof Sets of current year send \$2.10 money order

to Supt. Phila. Mint, 16th and Spring Garden Streets, Philadelphia, Pa. You may order up to 100 sets per person. Commemorative half dollars are authorized periodically by Congress. These halves

when issued are not sold by the mints. They are turned over to a Commission authorized by Congress at face value. The Commission then sells the halves at a premium.

TETRADRACHM
OF ANTONY AND
CLEOPATRA (36-31 B.C.)

By EARL A. MCBRAYER

Cleopatra had the charm to make two of the greatest men in Roman history forget their ambitions. Historians generally agree that she was not beautiful. (What do you think from the picture, above?) But she had "personality!"

First Julius Caesar, then Mark Antony put aside their immediate interests to spend many months with Cleopatra. She bore a son to the former and twins to the latter.

Cleopatra used the devotion of her lovers to fulfill her ambitions. She managed to regain her lost throne of Egypt through the assistance of Caesar and had plans to become the queen of Rome through her association with Antony.

When Octavian (Augustus) proved successful in the struggle for control of Rome he persuaded the Roman Senate to make war upon the Egyptian forces of Antony and Cleopatra. He feared the possible future threat of Caesarion, son of Julius Caesar and Cleopatra, who might claim the power once held by his father.

After the defeat of the forces of Antony and Cleopatra by those of Octavian, Antony committed suicide. He had heard that Cleopatra was dead. Cleopatra, however, proved that her ambition was greater than her grief, with a vain attempt to charm Octavian Mark Antony. When this proved as she had Julius Caesar and unsuccessful (after all she was no spring chicken now at 39 years of age!) she killed herself. Poor little Caesarion, an unfortunate victim of politics, was murdered at the orders of Octavian.

The coin above, bearing portraits of both Antony and Cleopatra, is indeed a rare one. It was struck, it is believed, though this is not certain, at Antioch in Syria. A F/VF specimen was offered in March by a prominent numismatist at \$110.00. Specimens are seldom offered at retail sale in any condition.

JUST ONE MAN'S OPINION

The Carson City Dollars are the most underpriced series of all coins minted. All one has to do is check the number minted of each year and you will see that there will never be enough to supply our five (5) million or more (est.) collectors. Take the 1885 with only 228,000 minted. This would be one for about every twenty-one collectors. Second comes the 1881 with only 296,000 and so on. I have a few sets of the 1880 through 1885 complete in Strictly Brilliant Uncirculated.

For set of six (6).....\$21.95

BELOW ARE MY PRICES FOR SINGLE COINS . . . ALL BRILLIANT UNCIRCULATED

| | | | | | |
|-----------------------------|--------|---------------------------|--------|-----------------------------|--------|
| 1878-CC Proof Surface | \$6.00 | 1882-CC Brill. Unc. | \$4.00 | 1885-CC Proof Surface | \$7.00 |
| 1880-CC Brill. Unc. | 6.00 | 1883-CC Brill. Unc. | 4.00 | 1890-CC Brill. Unc. | 4.50 |
| 1881-CC Brill. Unc. | 5.00 | 1884-CC Brill. Unc. | 4.00 | 1891-CC Brill. Unc. | 4.50 |
| 1882-CC Proof Surface | 5.50 | 1885-CC Brill. Unc. | 5.00 | 1892-CC Brill. Unc. | 5.50 |

Please keep in mind that I guarantee every dollar I sell to be Strictly Brilliant Uncirculated. Money back guarantee plus return postage if not pleased. My second offering for this month is, in my opinion, a small set with a future. The War Time Silver Nickel consisting of 11 coins minted 1942 to 1945. (See Red Book.) This set in Brilliant Uncirculated is beautiful and also underpriced in this booming coin market.

My price for the complete set is.....\$7.50 Only until present stock is sold.

The 1943-D is of course in this set and this is one that I compare in value to the 1942-D which is selling today for \$4.50 each.

**Duplicate Sides or Extra Large**

Heads I win, tails you lose. A reader from McKees Rocks, Pa. wrote in asking about a Jefferson nickel he found with both obverse and reverse sides having the Monticello building (tails). These coins are man made, I have examined a few of these jobs, they are cleverly done and can fool most anyone. Two sides of a coin are ground to the regular size and then welded together, leaving the outsides with the same design. A close inspection may reveal a faint line where they were joined. It is impossible to have two same dies working together. The reverse side of a coin is always the stationary die, the obverse, the punch or hub die. The latter is cylinder shaped, it is inserted and locked into the press head. This is the moveable part called "power stroke" which is adjusted for a weak or heavy strike. The construction of both dies will readily show no such coins can be struck with the both sides the same.

One exception of having two obverse is the 1858 copper nickel pattern cent AW 252 (Adams-Woodin) pattern book which illustrates deceptive, the only method of verifying is to weigh both on a fine scale. Shows Flying Eagle cent with small letters no date, on one side and a Flying Eagle on a plain field no date the other side. This is of pure nickel, these pieces were trial patterns made by the designer. Only a few exist in collections today.

The above photo shows an enlarged nickel and a regular one, they are genuine in all respects except that the larger one was pressed. These are man made with hard rubber rollers. These are very deceptive, the only method of verifying is to weight both on a fine scale. Although one is larger than the other and of the same alloy, they are of exact standard weight down to the grain.

SOUVENIR COINS**ORANGETOWN FIRE CO. #1**

This fire fighting co. of Nyack, N.Y., is the oldest volunteer group in Rockland County. They are celebrating their 125 year anniversary in June. The souvenir coins will be gold bronze with designs of hand pump engine, face value 50c, good in trade in the Nyack shopping area until Oct. 16,

Gold Coins

We haven't had them since 1914 but they may soon be back in our pockets. Scientists of the federal mines department under Dr. John Convey are working on a gold alloy cheap enough to stamp into convenient size. They've already come up with a \$10 piece. Reason for the experiments: to find ways to use up our excess gold. Convey's scientists are also checking into two other possible uses: as insulation in long-range missiles and in the fight against cancer.

She: I never go out with perfect strangers.
He: That's okay. I'm not perfect.

"FLOW COINS"

By ELMER R. KIRK

Genuine "Flow" coins are Mint Errors. They are, as the name implies, coins—with flowing metal. Broadly speaking, Flow coins are defective planchets, due to bad annealing (heat treat) at the mint.

The design and lettering of Flow coins appear to be BLENDED together, sometimes voiding the entire pattern including the field. Others appear to be Corrugated or Wavy and have been known by these descriptive names during the past.

It should be mentioned that, like all rare or scarce Mint Errors, Flow coins are imitated. Most all off the so-called Thin-as-a-dime cents (acid-shrunk) fall into this aborted category. They only appear to have Wavy planchets. These fakes are easily detected by their greasy, oily and most of all, thin appearance.

The fascination of collecting all Mint Error coins lies in the fact that it is seldom two are found to be exactly alike in every minute detail, and the same is true with a collection of Flow coins. Flow coins can be found in most all U.S. denominations of our mintage. A "type" set of Flow coins—penny, nickel, dime, quarter and half dollar—housed in a plain 5-place plastic holder makes a beautiful exhibit and a valuable addition to any Mint Error collection.

Frank M. Condron, Sierra Blanca, Texas, writes that he owns a set of these pieces (cent thru half dollar). On his five coins the waves are on both obverse and reverse.

STATEMENT ON
GOLD REGULATIONS**

The following statement was issued by the U.S. Treasury Department for general information. It does not have the effect of law, regulation, or ruling. The Gold Regulations were printed in the Federal Register, July 14, 1954. Copies of the regulations may be obtained from the U. S. Treasury Department, Washington, D. C.

"Gold in its natural state" is defined in the Gold Regulations as being gold recovered from natural sources, which has not been smelted or refined, or otherwise treated by heating or by a chemical or electrical process. This gold may be purchased, held, sold, transported within the continental United States or imported without a Treasury Department license under the provisions of Section 54.19 of the regulations, regardless of the amount involved. This type of gold may also be held in custody for a resident of the United States without a license.

Gold in its natural state may be exported only under a special export license. The Bureau of the Mint grants such licenses solely for the purpose of enabling the owner to ship the gold abroad for refining or processing, subject to the condition that an equivalent amount of gold in refined or processed form is returned to the United States.

L. Mills Beam, of Inglewood, Calif., an agent for the Atlas Metal Trading Corp., says gold in its natural state will be handled at \$25 per ounce delivery in placer gold at \$35 per ounce after six months.

DON LUTES, OF PITTSFIELD, MASS. is shown happily reading about his rare 1943 bronze cent. The photo is from Will E. Mahan; Mildred Rogers wrote the story for the Berkshire Eagle journal of Pittsfield, which carried the story. The Associated Press, the overseas Stars & Stripes and numerous other papers throughout the country carried our story.

Another 1943 bronze cent has been found by Sp-5 Donald Hager who is stationed in Germany. Our story was spotted by Donald in the Army-Air Force Times. Donald states it meets all tests, but don't know who would verify it in Germany and is reluctant to mail it to the States. Inquiries can be sent to Sp-5 Donald Hager, 22nd Medical Det., APO 35, N. Y., N. Y.

**HOW CAN I START
A COIN COLLECTION?**

Have you ever stopped and thought, how did I first get interested in coin collecting. I am sure there are a number of interesting ways and reasons one starts his or her collection. I believe the first thought that enters a potential collectors mind is, where can I find these old coins. One seldom sees an Indian cent, 2c piece, gold coin or an early dated Lincoln cent dated in the 30's, in circulation. The quickest way to interest someone in this fascinating hobby is to give them a gift of some old coins with a folder, an old catalog or coin publication. The curiosity of the values and origin prompts them to seek more information, other coins and hobbyist. Thus another interest in recreation is acquired.

The object of this hobby is self satisfaction, knowledge and profit. Many times one has idle hours to spend, sometimes days. One can then take on the challenge of trying to fill up as many empty slots as possible in his holder, from circulation or small hoards of coins from the household or friends. The thrill of finding a coin with a premium is the same as hooking a fish at your first fishing attempt. Now, how do I go about collecting coins and gathering information? Here are a few suggestions:

Visit a coin store and purchase a guide book, which has all the dates of type coins with the values. A folder or holder to house your collection. The folders can be bought for 35c, the book \$1 and up. As you are filling the spaces try to replace the worn coins with better ones. A library or museum can help with information also. Eventually you may wish to contact other collectors to sell or trade your duplicates. The best mediums for this is to subscribe to a coin publication or attend a local coin club meeting. There are beginners and advance collectors at these meetings who I am sure would be happy to help you with your collection or inquiries. Also visitors and guests are always welcomed to attend these meetings.

If you would like to give someone a helping hand or a gift try any of the above suggestions, these would not cost any more than an ordinary gift. You will be giving a priceless gift of knowledge, history, enjoyment and a way of relaxation. Plus a way of saving, which later can be a source of financial security.

NUMISMATIC QUESTION ANSWER BOX

By C. LYNN GLASER

240 E. 13th Ave., Conshohocken, Pa.

Q. What are the various metals and materials coins are made from?—M. C., Chicago, Ill.

A. The above is a rather unusual question and has an unusual answer. Someday I would like to write an article about some of the materials that have been used to make coins throughout the world. But for now we will have to be satisfied with a list. Read it carefully, you will find some unusual materials listed.

Metal: Gold, Silver, Electrum, Nickel, Copper, Bronze, Zinc coated steel, Platinum, Brass, and various alloys of the above.

Other Materials: Stone, Celuloid encased stamps (if you include encased postage stamps), cardboard, glass, wood, pressed fiber, sealing wax on cardboard, pressed prayer book pages, and last but not least chewing gum.

I guess they are all listed, but I couldn't go into any of the alloys or obscure coinages. If you know of any more, tell me about them.

Q. What is an "Orphan Annie" dime?

A. The "Orphan Annie" dime is the regular 1844. A midwestern collector christened this date Orphan Annie for reasons unknown many years ago. Thank's to Walter Breen for answering this question.

Q. What is the date of the oldest coin in existence?—N. E., Newton, Kansas.

A. The oldest known coins were struck in Lydia, a City-State in Asia Minor between 600 and 700 B.C. The coins were made of electrum a natural alloy of gold and silver. The silver coins were issued by the Lydians' last king, Croesus, who was defeated by the Persians.

Q. How many coins are there in the mint bags that are sent from the mints to the Federal Reserve Banks?—W. K., Aliquippa, Pennsylvania.

A. All coins struck in the Philadelphia and Denver mint are delivered to banks in bags containing:

| | | | |
|--------------------|--------|---------|----|
| Cents | 5,000 | \$50 | 50 |
| Nickels | 4,000 | \$200 | 40 |
| Dimes | 10,000 | \$1,000 | 50 |
| Quarters | 4,000 | \$1,000 | 40 |
| Halves | 2,000 | \$1,000 | 20 |
| Dollars | 1,000 | \$1,000 | |

(dollars when needed)

This month the "Answer Box" consisted mainly of questions that I couldn't immediately answer or those that were chopped off the bottom of my last months column. This should pacify a few of the people who thought I was ignoring their questions. This column can only handle questions of general interest.

1609 — 1959

Garfield Coin Club Exhibit

Over 500 people viewed the 12 large case exhibits held at the Somerset Hotel during National Coin Week, April 12-18. Refreshments and a free gift of the new Lincoln Cent 1959 were given to visitors.

This new coin-stamp club has over 40 members, it is less than one year old. The exhibits by its members were of high quality and interest. This club can be proud of itself and of its progress, the monthly attendances and the treasury speak for themselves.

Officers of this club viewing the exhibits are left to right: Charles Lotcpeich, Vice President; David Rubin, President; and Joseph Massaro, Secretary. The meetings are held on the second Friday of each month at the Somerset Hotel, in Garfield. Visitors and guest are always welcome to attend.

LETTERS

Letters about the 1 franc note of Morocco, page 6 of the May issue.

Re the 1 Franc note pictured in your current issue, I have the 50c and 2 Fr. belonging to the same set as the 1 Fr. you pictured. I have seen very few of these, but that does not necessarily mean they are rare. These notes are #36-37-38 under Morocco in Kellers catalog "Paper Money of World War II."

Dwight L. Musser, Dunbar, W. Va.

Dear Sir:

On page six, May 6, 1959 issue of the Eaglet, lower left side is an article about some type of paper money. We have a piece, red in color—50 centimes value, engraved L. Schultz, dated April 6, 1944. What is it?

Reliable Coins, Plainfield, N. J.

Dear Sir:

The article about foreign paper money which appeared on page six of the May issue was quite interesting. I've been collecting FPM for about two years and your publication is the first to have any pictures or articles of great length about this interesting field of numismatics. In the U.S., as of now, foreign paper money is collected by a very few people. It is starting to gain popularity, and is just now starting to be collected as a regular hobby, not just what was brought back by G.I.'s and kept as a curiosity.

The note on page six appears to have been issued for Morocco. The star in the center of the note appears on all government issues for Morocco. As far as I can tell, the note was issued for the Allied Occupation Forces, but I'm not 100% sure. That's all I can tell you about the note. I've got 655 notes from 127 countries in my collection.

Arthur Matz, Baltimore, Md.

Dear Frank:

The one franc pictured on page 6 of the Flying Eaglet (May issue) also has a companion note—a red printed bill on tan stock. The size of this note is $1\frac{1}{2} \times 1\frac{1}{4}$ compared to the green on yellow stock 1 Franc note of $1\frac{3}{8} \times 1\frac{1}{4}$. The denomination of the other red printed note is 50 centimes, or half the value of the pictured note. They were brought back from Africa in 1945.

Stewart Hall, Sidney, Iowa

Dear Sirs:

Enclosed is my renewal and a subscription order as a gift to a friend of mine who is just starting in coin collecting.

I do not believe there is any better publication on the market in this field than the Flying Eaglet.

Larry Oughton,

Calgary, Alberta, Canada

Dear Sir:

I just bought my first copy of the "Flying Eaglet," and I enjoyed reading it very much.

Now to get to the point! I saw the article about the possible rarity of the 1 Franc dated April 6, 1944. It may interest you to know that I have one which I picked up while staying in Marrakech, West Africa, in September of 1944. I stayed there three days while enroute to Foggia, Italy. I flew bombing missions with the 15th Air Force.

Roy Wiseman, Mt. Vernon, O.

* * *

A SURE WINNER

Dear Frank:

Enclosed is \$3 for my renewal, you can consider yourself honored. I had two of these dollars all set for the daily double at Garden State race track. If my horses win, I will have bought the most expensive Flying Eaglet subscription in history. About a \$200 subscription.

L. G. of Pa.

(Ed. Note) At least you can be sure the Flying Eaglet will come in. Come to think of it, I'd like to see a horse named after our magazine. Anybody have a good race horse they wish to call the Flying Eaglet?

* * *

Gentlemen:

Enclosed is renewal, my happy home would come to an end should the Flying Eaglet stop coming to my husband. I also enjoy your magazine very much.

N. J. B., Hilliards, Ohio

* * *

To prove old Doc has everything I am enclosing 1944 50 Centimes (red) and 2 Franc (purple). I even supplied Museum with 1897 Educational Note (Essay).

C. J. Dochkus, Phila., Pa.

* * *

Dear Sirs:

I recently subscribed to the Flying Eaglet and enjoy it very much, especially, Readers' Rare Finds.

I have been collecting for about a year and a half, and just started going through rolls of cents. Just today I found a 1914-D Lincoln Cent. Obv. is fine and rev. is V. fine.

B. Walker, Panama City, Fla.

* * *

Hi Frank:

On May 14, 1959 I was looking through a roll of pennies and I found a 1909-S VDB and a 1931-S. I could hardly believe my eyes. The 1909-S VDB is in Fine condition and the 1931-S is in VF condition. What really struck me funny was that they were both in the same roll! Later that evening I went down for the paper and in change I found a 1921-D Mercury dime. This was probably my best day I'll ever have for coins. Keep up the good work.

G. Taus, Bronx, N. Y.

New Canadian Guide Catalog

The first edition of "Canadian Coins, Currency & Tokens" was received for review. This attractive colorful edition appears to be the best on the market for the Canadian Collector. With many outstanding features, this handy reference book of 152 pages sells for \$1.50. It is packed with numerous photos and information.

The publishers have appointed the International Coin Co. of Canada as their distributors. Their ads are currently advertised in these pages. The publishers should be commended on this fine reference price guide book.

WACO HEART O'TEXAS COIN CLUB

Its Secretary, Kalvert K. Tidwell, has been very active in the coin hobby. Mr. Tidwell, an expert on coins, has made many numerous talks to groups, on coin prices, how to collect coins and the meaning of numismatics. He has received many press notices in the Texas papers on coins.

Coins & Medals**Of The World**

133 CEDAR LANE

TEANECK, N. J.

Our Mazy Dae**"OOH . . . OUCH! — AND YOU THINK YOU HAVE TROUBLES!"**

Our Mazy Dae has her problems again, will you help her! It seems when everything is alright she hits a snag. You can help by complying and supporting the following:

Send us your change of address before moving, the P.O. will not forward your mail. It is discarded or returned with "left no forwarding address."

If your copy is late reaching you, don't fret, others also get it late. If it is late all the time check with your P.O. It is to our advantage as well as yours if you get it early. Once the mail leaves our office, we have no control over it.

When sending in your renewal, please mention "renewal" and expiration date. The date is on your address plate, your subscription expires with the date shown (6/59) month and year. If this isn't mentioned a new plate is cut and file card is made, this is time consuming and costly. Mazy Dae then has her problems again.

Patronize our advertisers, they help us make it possible to better serve you. Every inquire and order counts, little or large, your orders will keep them with us. They are fine fellows if you give them a chance.

Let us know your likes and dislikes on our format and programs or anything else we publish, we welcome comments, suggestions and opinions. We work hard to please you, our reward is your satisfaction and comments. We know it's impossible to please everyone, but we would like to try.

Ask your friends if they read our magazine and help us build our circulation with new subscribers and advertisers.

Help Mazy Dae with these requests, I am sure she will clang merrily again through the pastures.
